Subject: **M. KAY RANDALL**

I want to inform you of a recent personnel action which resulted in the resignation/retirement of M. Kay Randall, the City's Information Technology Director. Mr. Randall joined the City staff five years ago and since that time the Information Technology Department has accomplished a substantial upgrade to the City's network infrastructure including both local and wide area networks. Additionally, the Department has standardized desktop application software with the Microsoft XP Office Suite of products and further has standardized our desktop hardware and replacement policy. This personnel action was taken to provide the leadership necessary to take the Information Technology Team to the level required to support the City's initiatives during the upcoming years.

Ms. Gladys Acosta, currently the City's Telecommunications Manager has agreed to serve in the capacity of Acting Information Technology Director and Trish Walker, CFO, will take an active role in the operations of the Department as we pursue a national search for a new leader.
